**<http://www.nab.usace.army.mil/projects/WashingtonDC/springvalley.htm>**

***Special thanks to the Selection Committee*** for its critical and expedient work in a) defining diversity and community perspective considerations and the decision-making process prior to soliciting for applications, and b) selecting the RAB member from 43 applicants through team-work and consensus-driven process.

***Drake Turrentine   Joanna Pedas   Gary Garofalo   William Harrop   Catherine Russell***  
***Christian Miles   Tamara Munk   Mindy Strelitz   Jackie Roberts***

**Notes of Potential Interest** — Diversity considerations used in the selection process included: Operation Safe Removal Project Zone representation, proximity to the Central Testing Area or other Points of Interest (POIs), neighborhood association and ANC representation, business representation, socio-economic considerations, minority representation, non-profit organizations, environmental organizations, real estate representation, specific relevant hobbies (i.e. gardening), children at home, specific scientific expertise, specific legal expertise, years in Spring Valley, knowledge or experience with the first cleanup effort, specific health related problems/concerns and transient professionals (e.g. landscapers).

\*Process specifics, such as terms of service, training needed and other RAB process issues, will be discussed and determined by the RAB body in the first few meetings.
